

## 1) Creating a Roku Account

In order to access SFN-TV NOW provided by Bresco Broadband on a Roku device, you will need to create a Roku account. If you already have a Roku account associated with your TV device, you can skip this step.

A. On your computer, tablet, or mobile device, open <https://my.roku.com/signup>

The screenshot shows the 'Create your Roku account' form. It includes fields for First name\*, Last name\*, Email\*, Password\*, Date of birth\* (with Month, Date, and Year dropdowns), Gender\*, and a checkbox for 'I have read and agree to the Terms and Conditions & Privacy Policy.'. There is also a reCAPTCHA 'I'm not a robot' checkbox and a purple 'Continue' button at the bottom, which is highlighted with a red box.

B. Fill in the page with your information, making sure to keep track of the email address you use, and your password. You will need these later to manage your Roku account.

C. On the next screen, choose whether, or not you would like to add a PIN number to your Roku account. It is recommended (but not required) to add a pin to the account to prevent unauthorized account use.

Choose your PIN preferences

Setting a Personal Identification Number (PIN) and preference allows you to control when channels can be added and when purchases can be made using your Roku device.

\*PIN

\*Verify PIN

Always require a PIN to make purchases and to add items from the Channel Store.

Always require a PIN to make purchases.

A PIN is not required to make any purchase or add any item from the Channel Store.

**D. On the next screen you will be required to enter payment information from either a Credit Card or PayPal. THIS WILL NOT CHARGE YOUR ACCOUNT. This is simply adding the payment method should you wish to purchase something from the Roku channel store at a later date.**

**Once complete, you will be presented with the 'My Account' screen where you can make any changes to your account.**

**Do not call into any Roku support numbers not found on the official [www.roku.com](http://www.roku.com) website. Roku will not ask for any credit cards or payments over the phone, scammers will!**

## 2) Adding SFN-TV NOW to your Roku account and Devices

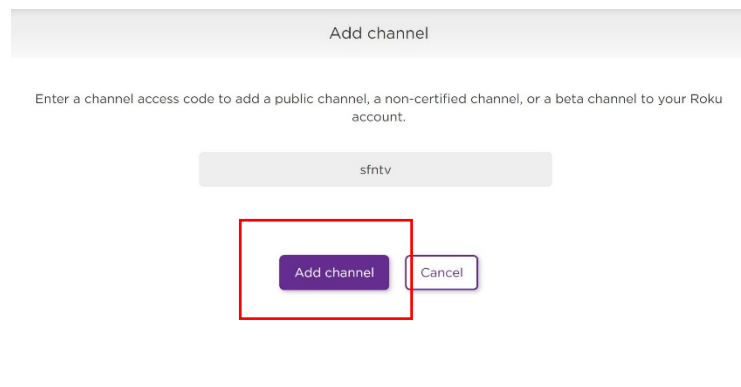

In order to access SFN-TV NOW on your Roku devices you will need to have a Roku account setup as described in step 1.

- A) Once you have a Roku account, go to <http://my.roku.com> and login with your Roku credentials. Under My Account, locate the Add channel with a code and click on the link.

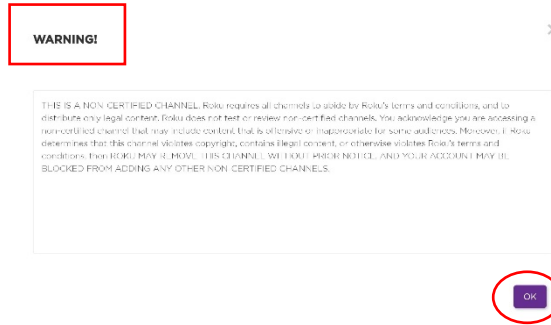

The screenshot shows the 'My account' page with three main sections: 'Account information', 'PIN preference', and 'Payment method'. Each section has an 'Update' button. Below these is a 'Manage account' section with a red box around the 'Add channel with a code' link. The text below the link reads: 'Enter an invitation code to add a non-certified or beta channel to your account. Don't have code? There are thousands of entertainment options in the Channel Store.'

- B) When prompted with the channel access code, enter "sfntv". No uppercase or spaces at all. Follow the instructions with the Captcha and click Add Channel

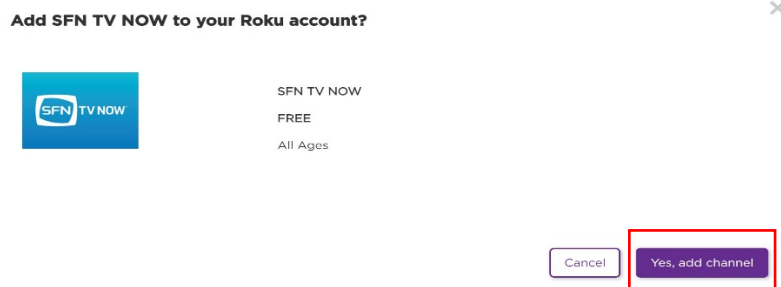

The screenshot shows the 'Add channel' page with a text input field containing 'sfntv'. Below the field are two buttons: 'Add channel' (highlighted with a red box) and 'Cancel'.

- C) Once you click, you will be presented with this screen. You may read, and safely ignore this warning as SFN-TV Now is a safe application.

From here you will want to click ' Yes, add channel'

Next, you will see the following message. Normally the app is ready to use immediately but may take a few minutes to a few hours to show up on all of your Roku devices.

Channel SFN TV NOW has been added to your channel lineup.

Channels typically will show up within 24 hours. To access your new channel now, you can refresh your channels on your home screen by visiting Settings > System > System Update > Check Now or Settings > Player info on older models. Channels that have hardware requirements or minimum firmware requirements will not be displayed on Roku devices that do not meet those requirements.

[Return to my account](#)

**Congratulations! You have successfully added SFN-TV NOW to your Roku devices!**

**3) Go to your Roku device and click on the SFN TV app.**

**The first time you use the SFN TV App, it will ask you to enter your User ID and Password. It will also ask for a Device Name. The User ID and Password are provided by our support department.**

Please register your new device

Each browser must be registered separately.  
Clearing cookies will nullify the registration.

Username:

Password:

Device Name:

The device name should be something descriptive like “Living Room TV”, “My Laptop”, or “Kitchen TV”. You may want to delete a device later and replace it with another device, and knowing which device you want to delete is easier if your give them good device names.

After registering your Roku device, you can watch TV.
